REASONS FOR ALLOWANCE

1. The following is a statement of reasons for the indication of allowable subject matter: the closest prior art made of record fails to teach or suggest the plurality of images consist of three images taken by each of three cameras and wherein said assigning includes assigning one of the images to each of three 120 degree intervals of the polar plot, determining the location of the object in the field of view of each of a plurality of cameras and when the object is not in the center of the field of view, said assigning is corrected according to its distance from the center, performing a 180 degree correction of angular orientation of the person's head and the values assigned to the polar plot represent vertical luminance variance or vertical frequency content.

Therefore, these limitations in combination with the limitations of the independent claims are allowed.
